

	Wills 3.31	Wills G25	Wills 3.32	Wills 3.30	Wills OCC	Wills 3.33	Wills 1.5	Wills Great Hall
9.00								
9.30	Tutorial: Advanced Topics in Data Stream Mining	Tutorial: Advanced Topics in Ensemble Learning	Workshop: New Frontiers in Mining Complex Patterns	Workshop: Instant Interactive Data Mining	Workshop: Mining Ubiquitous and Social Environments	Workshop: The Silver Lining – Learning from Unexpected Results	Workshop: Learning and Discovery in Symbolic Systems Biology	
10.30	Coffee break							
11.00	Tutorial: Advanced Topics in Data Stream Mining	Tutorial: Advanced Topics in Ensemble Learning	Workshop: New Frontiers in Mining Complex Patterns	Workshop: Instant Interactive Data Mining	Workshop: Mining Ubiquitous and Social Environments	Workshop: The Silver Lining – Learning from Unexpected Results	Workshop: Learning and Discovery in Symbolic Systems Biology	
12.00	Lunch (on your own)							
13.30								
	Tutorial: Decomposing Binary Matrices	Tutorial: Mining Deep Web Repositories	Workshop: New Frontiers in Mining Complex Patterns	Workshop: Instant Interactive Data Mining	Workshop: Mining Ubiquitous and Social Environments	Workshop: The Silver Lining – Learning from Unexpected Results	Workshop: Learning and Discovery in Symbolic Systems Biology	
16.00	Coffee break							
16.30								Opening and Awards
17.00								Invited talk Padhraic Smyth
18.00								

	Wills 3.31	Wills G25	Wills 3.32	Wills 3.30	Wills OCC	Wills 3.33	Wills 1.5	Wills Great Hall
9.00								Invited talk Luc De Raedt
10.00	Coffee break							
10.30	Tutorial: Random Projections for Machine Learning and Data Mining	Tutorial: PAC-Bayesian Analysis and its Applications	Workshop: Active Learning in Real-world Applications	Workshop: Collective Learning and Inference on Structured Data	Workshop: Community Mining and People Recommenders	Workshop: Mining and Exploiting Interpretable Local Patterns	Workshop: Sentiment Discovery from Affective Data	Workshop: Discovery Challenge
13.00	Lunch (on your own)							
14.30	Tutorial: Probabilistic Modeling of Ranking	Tutorial: Understanding and Managing Cascades on large Graphs	Workshop: Active Learning in Real-world Applications	Workshop: Collective Learning and Inference on Structured Data	Workshop: Community Mining and People Recommenders	Workshop: Mining and exploiting interpretable local patterns	Workshop: Sentiment Discovery from Affective Data	Workshop: Discovery Challenge
16.00	Coffee break							
16.30	Tutorial: Probabilistic Modeling of Ranking	Tutorial: Understanding and Managing Cascades on large Graphs	Workshop: Collective Learning and Inference on Structured Data	Workshop: Community Mining and People Recommenders	Workshop: Sentiment Discovery from Affective Data	Workshop: Discovery Challenge		
17.30
